Arizona Contractors Association Endorses Keep the Cubs, Yes on 420 Campaign

Cubs Economic Impact Too Important to Mesa & Arizona to Lose

PHOENIX – The Arizona Contractors Association (ACA) has endorsed the Keep the Cubs, Yes on 420 Campaign. The importance of the Cubs Organization to the economic impact on Arizona and the Arizona Cactus League is staggering at over \$185 million a year and that is important to ACA and our members, however just as important is the quality of life appeal and the jobs created by the Cubs presence in Mesa and Arizona.

ACA's President and CEO, David Jones, said, "Mesa and Arizona can't afford the loss of jobs, wages and tourism activity created by the Cubs." "That is why it is my pleasure on behalf of my board to publically endorse the Keep the Cubs, Yes on 420 Campaign," Jones said.

In addition, Jones also encourages the rest of the construction industry community in Arizona and all Mesa residents to support and Vote Yes on 420. The project will help enhance our economy and the construction industry by creating direct and indirect jobs during construction and after and will provide an enhancement to the community.

Over 50 years the Arizona Contractors Association has represented both commercial and residential general contractors, subcontractors of all trades, developers, architects, engineers and professionals who lend their services to the construction industry. ACA represents nearly 300 members from across Arizona, who joins in a common mission to provide corporate, political and civic leadership in the Arizona construction industry for the benefit of our companies, employees and our communities. ACA is the foremost construction association in the dissemination of superior information and technology, opportunities for business networking and is the industry's legislative liaison to facilitate excellence, professionalism, advancement and profitability for the construction industry in Arizona.
