

# The Arizona Contractors Association, Inc

*"Leading the Industry ▲ Serving the Community ▲ Building the Future"*

2010  
ACA Board of Directors

6/10/2010

Dear Mr. Pace,

On behalf of the Arizona Contractors Association, our Board of Directors and our nearly 300 member firms statewide I want to thank you speaking at our Board of Director meeting on May 21, 2010. As you aware the ACA Board of Directors voted at that meeting to support the Rosemont Copper Mine in Southern Arizona.

As you are also aware the Arizona Contractors Association Inc. is a non-profit construction trade association that was founded in 1956. The association's mission is to provide corporate, civic and political leadership in the Arizona construction industry for the benefit of our member companies, employees and communities.

The Mining industry's economic impact on Arizona is staggering at over \$10 billion a year and that is important to ACA and our members, however just as important is Rosemont Copper's commitment to the community, education of our children, maintaining scenic value in southern Arizona, preserving water and the use of modern technology to expedite efficient and precise mining operations. It is my pleasure on behalf of my board to publicly endorse your Rosemont Copper Project.

On behalf of The Arizona Contractors Association, Inc.'s Board of Directors, our 300 member firms statewide and the rest of the construction industry community in Arizona I encourage all Arizonans to support the development of the Rosemont Copper mine in southeastern Arizona. This project will help stimulate the economy and the construction industry by creating more than 2,900 direct and indirect jobs statewide and will have annual economic impact of nearly 1 billion dollars in Arizona.

I once again would like to encourage other Arizonan's & industries to support this project. The construction industry across Arizona and in southern Arizona could use a shot in the arm like this project. We look forward to working with Rosemont Copper in enhancing Arizona's economy. Please feel free to call me if ACA can be of any assistance. Thanks for your leadership.

Sincerely,

*David N Jones*
