### **The Arizona Contractors Association Launches Affiliation with Surety Placement Services**

(Phoenix, AZ) -- The Arizona Contractors' Association (ACA) has teamed-up with ACA member Surety Placement Services LLC (SPS) in an exclusive marketing agreement. In addition, SPS will be ACA's Preferred Surety Bond Provider and will receive exclusive marketing and advertising opportunities offered by the Arizona Contractors Association.

Surety Placement Services (SPS) have distinguished themselves from the ordinary surety-only account management groups. Whether it is a small subcontractor/maintenance group or a large general contractor, SPS solves both immediate and long-term surety needs by actually managing the account, which is more important today than ever before.

Surety Placement Services writes a significant book of profitable surety business with national, regional, and specialty markets, providing a foundation of highly rated carriers. SPS has the ability to place most any risk. Their producers utilize and leverage their partnerships to provide their agent-clients the best and most responsive alternatives. In today's surety bonding marketplace, the options are limited; but with SPS & ACA as partners, ACA members will find the best option with SPS!

As an industry innovator and proven performer I am sure ACA members will see the advantages with Surety Placement Services, ACA's Preferred Bond Provider, says David N. Jones, ACA President/CEO.

For more information about Surety Placement Services LLC please visit there website at [www.suretyplace.com](http://www.suretyplace.com) or call 480-419-2456.

Over 50 years the Arizona Contractors Association has represented both commercial and residential general contractors, subcontractors of all trades, developers, architects, engineers and professional who lend their services to the construction industry. ACA represents nearly 300 members from across Arizona, who joins in a common mission to provide corporate, political and civic leadership in the Arizona construction industry for the benefit of our companies, employees and our communities. ACA is the foremost construction association in the dissemination of superior information and technology, opportunities for business networking and is the industry's legislative liaison to facilitate excellence, professionalism, advancement and profitability for the construction industry in Arizona.
